North Carolina Wings Weekend

October 13 - 14, 2001

Goldsboro-Wayne Municipal Airport (GWW)
Goldsboro, N.C.

*Attention All Pilots! You're Cleared Direct To North Carolina's
Most Famous Aviation Safety Event!*

Your "Wings" In One Weekend*

Thanks to **FREE FLIGHT INSTRUCTION** from volunteer CFI's, you can earn a phase in the FAA's Wings Program. Fly with an instructor and attend at least one of the great seminars. You'll meet the requirements of the Wings Program and earn your Flight Review, too. You will be rewarded with a classy Wings lapel pin and certificate.

NCAF Sponsored "Flying Companion" Course

Your favorite non-pilot passenger will love this special course. They will attend a morning ground school and then fly with an instructor for two hours. New & improved sponsored by the North Carolina Aviation Foundation (NCAF).

Pre-registration is required for your "right-seater" to participate and class size is limited. Call John McLain (Pres. NCAF) at (919) 469-5583 for details. Or jmclain@deltaforce.net

See Inside For More Important News and Registration Information!

Saturday Evening Pilot Appreciation Banquet Featuring Scott Crossfield

Great food, door prizes, awards and special guest speaker Scott Crossfield. Best known for flying Mach 2 and Mach 3. Banquet sponsored by GWW Airport Authority & Wayne Aviation, Inc.

Seymour-Johnson Air Force Base Tower Tours and Special Exhibits

Thanks to a special arrangement with Seymour-Johnson AFB, you'll be able to tour the tower and Radar Approach Control (RAPCON) on base. Seymour-Johnson personnel will also be conducting tours and displaying their high-tech equipment.

*Free flight instruction available for recreational pilot through ATP. Student pilots welcome to attend seminars and banquet.

Event & Seminar Schedule

Seminar schedule is the same for Saturday and Sunday (limited). You select seminars you wish to attend.

7:30 – 8:30 AM

Wings Weekend Registration for Pilots & CFI's

8:30 – 8:45 AM

Pilot/Flight Instructor Assignment and Briefing

You'll be paired with your instructor for the flying portion Of the Wings Weekend.

8:30 AM - Noon

NEW! NCAF "Flying Companion" Ground School

Your favorite "right-seater" will become a valuable member of your crew after learning the basics of flying by an experienced instructor. John McLain presents & administers this "new & improved" NCAF sponsored course.

8:55 – 9:55 AM SEMINARS

Flying & Maintaining Your Aircraft in ALASKA

John Crouse, CLT FSDO Safety Program Manager

Discover what it takes to fly your aircraft in the last frontier...ALASKA Getting there is only half of the consideration. Crouse has a multi-media presentation with scenic views and important flight planning information.

Survival, The Skills You Never Want To Use

Tom Freeman, NCDOT Division of Aviation

During one's flying career, one can be put at the mercy of Mother Nature relying solely on instinct, experience and the will to survive. Learn good coping mechanisms and a positive attitude are essential for remaining alive.

Special Use Airspace and Collision Avoidance

Seymour-Johnson Air Force Base - 4th Fighter Wing Safety Office & Radar Approach Control

MOAs? IRs? VRs? ..are all used by the military as special use airspace. The crew from GSB shows you how this airspace is used and tips for collision avoidance.

10:00 – 10:55 AM SEMINARS

NOTAM's and more...

Raleigh AFSS.

It's time to brush-up on the origination of FDC, local and distant NOTAM's reading skills in this informative seminar plus services offered by the AFSS.

Aeronautical Charts

FAA Aeronautical Charting & Cartography.

Learn some of the never taught and quickly forgotten charting information that can save time, money and in some

cases lives. What is an OROCA, an MEF? Find out at this informative seminar.

"Oops, I Goofed"

Larry Lambert, FAA Safety Program Manager, Greensboro Flight Standards District Office

You messed up and the Tower wants you to call them when you get on the ground. What do you do? Do you have to call? What are your rights? Larry discusses this plus Ramp Checks, the NASA Form and more.

11:00 AM – 11:50 PM SEMINARS

Accident Reports and Prevention

David Ivey, NTSB Senior Safety Investigator

Examine actual NTSB accident reports and learn how to use this information to become a safer pilot.

RDU Airport Operations & Class B Update

Jim Rary, RDU Air Traffic Control Tower

This seminar gets you "checked out" for operating around airports with air traffic control towers and specifically the busy RDU Class C. Also get the latest **Class B** update!

Cayman Caravan

Rudy Requate, Fellow Pilot

Maximize your aircraft utilization by going to the Cayman Islands. Join Rudy as he relays his experience on a recent trip to the Caribbean. It's easier than you might think!

*For informational purposes only, doe's not qualify for the "Wings" Program seminar requirement.

Noon – 1:30 PM Lunch (nominal fee)

An afternoon repeat of the following seminars:

NOTAM's and more...

Aeronautical Charts

"Oops, I Goofed"

3:30 – 4:25 PM SEMINARS (Saturday Only)

An afternoon repeat of the following seminars:

Accident Reports and Prevention

RDU Airport Operations & Class B Update

Cayman Caravan

***1-2pm Special Sunday Showing of "Aeronautical Charts"**

Wings Weekend News

N.C. Wings Weekend Pilot Appreciation Banquet Will Feature Scott Crossfield

Scott Crossfield best known for being the first to fly Mach 2 and also the first to successfully fly Mach 3. He flew most of the Research Airplanes, including first flights in the T-39 and the X-15. Scott has received an incredible number of honors and awards for his many contributions to aviation. His list of accomplishments and credentials are mind boggling. He has a Masters degree in Aeronautical Engineering and a varied professional career. He was a Navy Test Pilot, an Apollo Program System Director, a Technical Director and held several Vice President positions – all in government and industry. He was a Technical Advisor on aerospace for the U.S. Congress. His presentation “Onward and Upward” is a fascinating program on the men and machines of the most productive government research program of record. One that brought us to the threshold of space. *Courtesy Aviation Speakers Bureau.*

The banquet will also feature door prizes, awards and a great bar-b-que dinner. Dinner is sponsored by the Goldsboro/Wayne Airport and Wayne Aviation, now you can see why this is a “must-attend” event. This event wouldn’t be possible without our gracious sponsors.

Hotel Features Special Rates For Wings Weekend Participants

A weekend of exciting aviation safety activities is made easy thanks to special rates and accommodations from the Country Inn & Suites (919) 581-0503. The Country Inn & Suites is offering N.C. Wings Weekend rates provided you make reservations in advance. Call early to book your room.

Country Inn & Suites – (919) 581-0503

Attention All CFIs!

If you are a CFI, you are always a V.I.P. at the North Carolina Wings Weekend. By volunteering as a CFI, you are participating in the FAA’s Wings Program and you’re helping to keep fellow pilots proficient and safe. Also, participation during Wings Weekend can renew your CFI certificate. However, if you need your certificate renewed, you must contact Larry Lambert at (336) 662-1009, at least 30 days in advance of the N.C. Wings Weekend. Make sure you check the appropriate box on the registration form.

Plus, Don’t Miss The Vendor Displays!
Complete The Registration Form On The Back Page And Send In Today!
